

ERMIYAS HENOK

Software Engineer

ermiyashenok44@gmail.com |251-943-880-224 | Kolfe keranio, Addis Ababa

SUMMARY

Software Engineer experienced in building enterprise web applications, SaaS platforms, AI-powered solutions, and cross-platform mobile apps. Proficient in Django, ASP.NET Core, NestJS, React, Flutter, PostgreSQL, and modern software architecture. Alongside freelance software development, I build scalable, real world solutions for clients while continuously expanding my expertise in emerging technologies.

WORK EXPERIENCE

Addis gym

May 2026

Tech : NestJS ,React 19, Vite, Tailwind CSS v4, PostgreSQL, JWT Auth, RBAC, Prisma ORM

- Designed multi-branch database using Supabase, PostgreSQL, and Prisma ORM.
- Built NestJS APIs with secure role-based access control.
- Implemented membership revenue and operational expense tracking.

ClinicSys

Jun 2025 – Sep 2025

Tech : React 19, TypeScript, Vite, Axios, PostgreSQL, SQLite, REST APIs

- Designed a multi-tenant SaaS architecture using EF Core Global Query Filters to securely isolate tenant data.
- Built secure RESTful APIs with JWT authentication and role-based access control.
- Built reusable React components and centralized API communication with Axios interceptors.

Hr and payroll Management

Oct 2025 – Feb 2026

Tech : Flutter,React 19, Vite, Tailwind CSS v4, PostgreSQL, JWT Authentication

Internship, RDX Technologies

Jun 2025 – Sep 2025

Tech : Figma, Illustrator, Blender

- Collaborated with developers on production web applications.
- Designed and implemented responsive interfaces using Figma.
- Worked with frontend technologies and modern development workflows.
- Participated in feature planning, testing, and iterative UI improvements.

EDUCATION

BACHELOR OF COMPUTER SCIENCE

May 2022– Feb 2026

Saint marry's university

KEY SKILLS

- Python
- TypeScript
- JavaScript
- Dart
- SQL
- NestJS
- Node.js
- Express.js
- REST API Development
- JWT Authentication
- React
- Tailwind CSS
- Material UI (MUI)
- React Flow
- Axios
